# The Benefits

On top of peace of mind, each Ford Blue Advantage® EV Certified used vehicle comes with these benefits:

## Warranty

In addition to 12-month/12,000-mile (whichever comes first) Comprehensive Limited Warranty coverage, every Ford Blue Advantage EV Certified used vehicle also comes with 8-year/100,000-mile (whichever comes first) BaseCARE EV Warranty coverage. Ask your dealer for limited-warranty details.

## Roadside Assistance

Roadside Assistance is offered for the full duration of the BaseCARE EV Warranty coverage.<sup>1</sup> That's 24 hours a day, seven days a week, in case of a breakdown, blowout, or bad weather. Roadside Assistance includes:

- Travel expense reimbursement up to \$1,000 for up to five days when the breakdown occurs 100 miles or more from your residence
- Destination expense assistance of up to \$75 to cover the emergency cost of a taxi, shuttle, or rental car to reach your destination
- Rental car reimbursement of up to \$45 per day for up to five days if the vehicle requires overnight mechanical repairs
- Towing assistance up to \$100

## 127-Point Inspection

Before any vehicle can be called a Ford Blue Advantage EV Certified used vehicle, it must pass a 127-point inspection. Ford factory-trained technicians recondition any component that does not meet program standards, or they replace it with only new Ford Motorcraft® or Ford Authorized Remanufactured Parts, when available. Ask your dealer for a copy of the Vehicle Inspection Checklist.

## Vehicle History Report

You'll definitely know your vehicle's history when you purchase a Ford Blue Advantage used vehicle. As part of the 127-point inspection process, a CARFAX® Vehicle History Report is run to identify any vehicle that does not meet Ford Blue Advantage standards. Ask your dealer for a copy of this report.

**Recall Notice:** Some vehicles offered for sale may be subject to open manufacturer safety recalls. Check Recall Status at [www.safercar.gov](http://www.safercar.gov).

## Money Back Guarantee

As part of the Ford Blue Advantage certification program, your vehicle comes with a 14-day or 1,000-mile (whichever comes first) Money Back Guarantee.

That means you can return the EV Certified vehicle to the dealer that you purchased it from and work together to find another that better suits your needs. See your dealer for more details.<sup>2</sup>

Ford Blue Advantage EV Certified Comprehensive Limited Warranty coverage is provided for 12 months or 12,000 miles (whichever comes first) from the expiration of the Ford New Vehicle Bumper-to-Bumper Limited Warranty or the date of your Ford Blue Advantage used vehicle purchase, whichever comes later. The Ford Blue Advantage BaseCARE EV Warranty provides coverage for eight years from the original Ford New Vehicle Limited Warranty start date or a total of 100,000 miles on the odometer, whichever comes first. Each Ford Blue Advantage EV Certified vehicle has a standard deductible of only \$100 for the Comprehensive and BaseCARE EV Warranty, so should covered repairs be necessary, your cost will be minimal. Please see your dealer for warranty coverage details or refer to your plan provisions.

This brochure is intended to provide general information about Ford Blue Advantage® Comprehensive Limited Warranty coverage. Please see your dealer for details or refer to your plan provisions. Valid only in the 50 states. Ford Blue Advantage Comprehensive Limited Warranty coverage is in addition to any remaining Ford New Vehicle Bumper-to-Bumper Limited Warranty coverage. Repairs needed to any engine, transmission, and final drive components caused by or resulting from a defect in a non-Ford component, such as an aftermarket-installed turbocharger, are not covered. In some cases, the use of Ford Authorized Remanufactured Parts is required after the expiration of the original Ford New Vehicle Bumper-to-Bumper Limited Warranty coverage and the Ford Blue Advantage Comprehensive Limited Warranty coverage.
